

Age-friendly guide to Manhattan supermarkets.

Gale A. Brewer
Manhattan Borough President

Dear Manhattanite:

The percentage of seniors in New York City is projected to grow to one-fifth of the population by 2030. In an effort to highlight best practices for age-friendly shopping experiences, my office surveyed over 200 supermarkets across the borough to identify each store's policies and infrastructure as they relate to the needs of older adults.

In the following pages, we've organized survey results from those hundreds of supermarkets by Community Board District, outlining their wheelchair accessibility, delivery policies, public restroom availability, escalator or elevator availability (at multi-floor stores), senior discounts, and SNAP/EBT acceptance.

I want to thank the businesses who took the time to respond to our survey team of interns and staff.

Sincerely,

Gale A. Brewer

Gale A. Brewer,
Manhattan Borough President

P.S. For more information on how to better meet the needs of older adults or to share best practices of your own, please contact the New York Academy of Medicine at agefriendlybusiness@nyam.org or call (212) 822-7254.
