

**You can take
a New Yorker
out of the city...**

**but you can still
complete the census
for the city you love.**

Census responses should be based on your
“usual residence” as of April 1, 2020.

If that was in New York City, please help
our city recover by filling out the census
using that NYC address.

It's not too late.

Respond online at my2020census.gov or
by phone at 844-330-2020, whether it's for
the first time or to fix an incorrect address.

Census2020 ends in a matter of days.
Don't wait—New York City needs you now!

Questions? Go to census.lwnyc.org/2020.
